DETAILED ACTION

Claims 1-8 and 10 are pending in this application for US patent.

Applicant's arguments presented in traversal of the previous rejection instituted under 35 USC 103(a) were fully considered and found persuasive. Applicant argues that Shimonos discloses the galactopyranosyl rather than the glucopyranosyl compound. Applicant's argument is persuasive and hence, the previous rejection instituted under 35 USC 103(a) is hereby removed. The composition as claimed appears to be novel and unobvious over the prior art and is thus allowed.

Claims 1-8 are allowable per the Examiner's Amendment which follows. The restriction requirement as set forth in the Office action mailed on 01/07/2009 has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 10 directed to a method for using the composition of claim 1 is no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present

Art Unit: 1655

application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Brian Lathrop on May 04, 2010.

IN THE CLAIMS:

Claim 1, line 1: after 'comprising' insert – isolated --.

Claim 3, line 3: replace 'extracted' with – isolated --.

Claim 5, line 2: before 'dry fruit' insert – its—.

Claim 8, line 1: after 'a composition' insert – comprising isolated --.

Claims 1- 8 and 10 are allowed.

The 1449 submitted herewith is a revised copy of the original 1449 which was mailed by the Examiner on 5/12/2009. In the previous 1449, the Examiner inadvertently did not initial the Non-patented literature document. The copy which accompanies this Notice of Allowance is installed beside said document.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patricia Leith whose telephone number is (571) 272-0968. The examiner can normally be reached on Monday - Friday 8:30am-5:00pm.
